

Student Parking Terms & Conditions 2026

Student Parking, quick summary

This is a short summary. The full Terms and Conditions are set out below and apply in full.

Before you pay, please read this carefully.

Ballot only

Only students who have been confirmed as successful in the parking ballot can purchase a space. Do not make a payment until you have confirmation of a successful application.

Payment required before use

You cannot use the student car park until payment has been received in Kindo. If payment is not completed by the deadline, the space will be reallocated.

For you and your car only

Parking access is linked to you and your vehicle registration. You cannot sell, share, lend, or rent your parking space to another student.

Park considerately

Use designated student parking areas only. Park within marked bays and leave space for others to park safely.

Drive safely on campus

All New Zealand Road-Code rules and conventions apply within College grounds. These include the conditions of a student's driver's licence and the associated restrictions on the carrying of passengers. Follow speed limits and drive carefully at all times. The maximum speed limit on college grounds is 20km per hour. Speeding, including rapid acceleration and/or any unsafe driving will result in immediate loss of parking access. The college retains the right to make a full and final judgement on any failure to comply with driving standards and safety and reserves the right to terminate of parking privileges.

It's a privilege

Student parking is a privilege. If these expectations are not met, parking access will be withdrawn and no refund will be provided.

By continuing with payment, you are confirming that you understand and agree to the full Student Parking Terms & Conditions.
