KING'S
The Friends

Background

One of the highlights of the King's College and the King's College Friends Association event calendar is the annual King's College Art Exhibition.

The Art Exhibition features works from more than 200 of New Zealand's most prestigious artists, as well as exciting new names and some of our best student work. The event exhibits close to \$1.3 million worth of indoor and outdoor art, photography, ceramics and glass, from established and emerging New Zealand artists.

The event receives more than two thousand visitors throughout its three days at the College. All works are professionally displayed and the exhibition includes a large range of outdoor sculptures, set in the grounds of the College. The Art Exhibition is extensively promoted through catalogues, banners, advertising, social media, the College's database and publicity each year.

The main aims of Friends is to fundraise and friend raise for the College. Funds raised by the Friends are used to support a wide range of both long and short-term projects, which benefit current and future students.

The Friends and King's College would like to invite companies to join the Silver Sponsor family for the 2022 King's College Art Exhibition.
