University and Unitec Profiles 2019

The **University of Auckland** is New Zealand's world-ranked university. We offer more than 120 different undergraduate subjects across Arts, Business, Education, Engineering, Law, Medical and Health Sciences, the National Institute of Creative Arts and Industries, and Science. Your degree will include a General Education component to broaden your skills and complement your specialist knowledge. If you are keen to travel, studying with us will provide you with a world-class, internationally-recognised degree. There is also the opportunity to study overseas at a partner university for part of your degree through our Auckland Abroad scheme. Our research-led programmes attract a high level of teaching professionals. You will learn from people who are passionate about their chosen fields and often at the cutting-edge of advancement. Come and achieve the amazing at the University of Auckland.

**AUT University:** Ranking in the top 3 universities in NZ, AUT is future focussed with a collaborative approach to learning. Come and hear about Arts, Art & Design, Business, Creative Technology, Communications, Computer Information Science, Education, Engineering, Health Science, Hospitality, Law, Māori Development & Media, Mathematics, Science, Sport & Recreation and more.

The **University of Canterbury** is in the top 1% of universities globally and offers world-class research, inspirational teaching, a vibrant campus environment and a great student lifestyle with students from around the world. With dedicated support services, a focus on student health and well-being and over 160 different clubs and societies to join, you'll have an unforgettable experience and feel part of an active university community. My name is Yafan Gao and I am a UC Liaison Officer based right here in Auckland. I am your dedicated contact person for King's College and my job is to guide you through the university application processes whether it be for scholarships, accommodation or just general course advice, I am here to help you. We offer degrees in a range of subjects including Arts, Commerce, Communication, Engineering, Fine Arts, Forestry, Health Sciences, Law, Music, Product Design, Science, Social Work, Speech and Language Pathology, Sports Coaching and Teaching. If you would like to hear more about what the University of Canterbury has to offer please feel free to come chat to me.

**Lincoln University** is New Zealand's specialist land-based university. The land-based sector is one of the largest contributors to New Zealand's economy and incorporates a range of professions in such fields as science, business and environmental management. With a current skills shortage in primary sector professionals, Lincoln University aims to promote the land-based industries and its academic programmes to bring more young people into one of the most well-established, diverse and necessary industries in New Zealand.

**Massey University:** With three campuses across New Zealand, as well as an extensive Distance Learning offering, Massey University is the University of New Zealand. With expertise in disciplines ranging from Design to Aviation, and Business to Food Technology, Massey University encourages students to take a cross-disciplinary and interactive approach to their learning. This approach and our commitment to producing work-ready graduates ensures our students are seen as creative, innovative and connected, making them attractive to employers both here in New Zealand and internationally.

University and Unitec Profiles 2019

**The University of Otago:** Established in 1869, the University of Otago is New Zealand's oldest university. It has a proud tradition of excellence in teaching and research in the Health Sciences, Sciences, Business, Humanities and Law. It is a residential campus, with 90% of its 22,000 students having moved away from home for the "Otago Experience" in the university city of Dunedin.

**Victoria University of Wellington:** Students benefit from an exciting urban lifestyle in a capital city location, learn from excellent teachers and researchers, and gain world-class qualifications. We offer degrees in the areas of Architecture & Design, Commerce, Communication, Education, Engineering, Humanities & Social Sciences, Law, Music, Science and Health. Come and find out about admission, scholarships, and how Victoria ensures you develop your employability skills.

**The University of Waikato:** now offers study options in the new Tauranga CBD campus, giving students an opportunity to study in one of New Zealand's most sought-after locations. The University of Waikato has a premier Business School in New Zealand, with the Waikato Management School being in the top 1% of Business Schools worldwide. We also excel in areas such as Biology, Chemistry, Mathematics, Music, Education, Engineering and Media Design to name a few, and have an excellent reputation for producing graduates who have practical experience in their degrees, valued by employers. We are a forward-thinking University with modern facilities in a park-like setting, and provide a community environment on campus. Our Halls of Residence and accommodation options throughout Hamilton and Tauranga, provide a great way for students to experience their first year and being one of the least expensive in the country, ensures that we provide value to our students. The 'Waikato' experience will leave you enlightened and enriched.

**Unitec:** At Unitec, you'll get exposure to a real-world learning environment that combines industry-leading theory and hands-on practical experience that'll equip you with all the skills you need to hit the ground running. Learn from industry-experienced lecturers and take your knowledge, skills and connections with you when you graduate.
