

Annual Giving 2019 Special Project Outline

King's College is renowned for providing outstanding educational, cultural and sporting opportunities for young men and women.

It's thanks to the support of the community: past and current parents, Old Collegians and their families, and many others who appreciate the value of a King's College education that we can continue to do so.

A gift to any one of these projects is an investment in our students – and creates a brighter future.

**Will it be preservation, inspiration
or a young person's future?**

Give a Helping Hand

This fund is to assist those students who do not have the financial means to participate in the College's academic, cultural or sporting trips without special assistance. As one family commented, "It was not easy to ask for financial help, but when we needed it, it was given in a way that has not left us feeling beholden or humiliated, just grateful - thank you".
